

The Coronavirus: A story for

My name is _____.

I am _____ years old.

I live with _____.

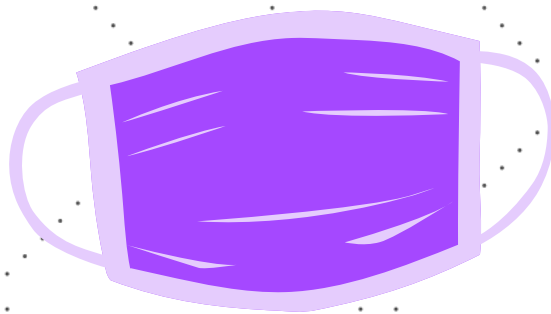

For fun, I like to play
_____.

Right now, there is a virus and it can make people very sick. It is called the Coronavirus.

People will stay at home so that other people don't get sick.

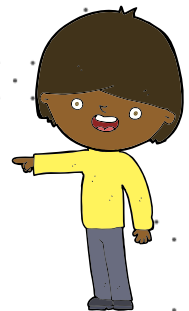

Some people wear a mask on their face. This is to protect us from getting sick.

These are the things that I can do to make sure that my family, friends, and I stay healthy:

- stay 6 feet away from people

- wash my hands a lot!

- stay home from school

It is hard to stay home from school. I miss my teachers and my friends. Sometimes I get sad or mad, and it is ok to feel this way.

I know I will see my friends and teachers again.

The Coronavirus will end. It may not be gone by tomorrow, but it will be done someday. Until then, I will stay safe!
